		<b>(RSA only) Add 15% VAT =</b>			
		<b>TOTAL DUE =</b>			

**PLEASE NOTE these Terms and Conditions:**

<p><b>1.</b> You may install <b>DRPRO-NL</b> (Network Licence) on every workstation in the office.</p>	<p><b>6.</b> It must be renewed every year before the expiry date so as to be able to continue adding new records to the database (Drawings, Recipients, Transmittal Slips, etc.)</p>
<p><b>2.</b> Everyone can have access to <b>DRPRO-NL</b> from their own workstations simultaneously, up to the number of licences on subscription for the year. You decide where to install and who should have access to it.</p>	<p><b>7.</b> If not renewed by the expiry date, DRPRO will NOT stop working, <b>BUT</b> the ability to add new Drawings and issue new Transmittal Slips will stop. However, your existing data will always be accessible as <b>View and Print</b> only. You will NOT be locked out of your existing data.</p>
<p><b>3.</b> This is an <b>Annual Subscription</b> and entitles you to all new updates (major or minor) during the subscription period. See also Note 7.</p>	<p><b>8.</b> If not renewed for a while, you may restart a new Annual Subscription at any time at the prevailing price and also upgrade to the latest version. (No need to pay arrears Annual Subscriptions to get up-to-date)</p>
<p><b>4.</b> The pricing is one single price per Network Licence per year. If additional licences are required half-way through the year, they will be priced pro-rata until the next renewal date.</p>	<p><b>9.</b> The 'Network Licences' are allocated per Data Set. If you have multiple Data Sets in your company or across various offices, each Data Set is treated independently with its own number of 'Network Licences'. These licences can be transferred from one Data Set to another at any stage and at no extra cost if the renewal date is the same.</p>
<p><b>5.</b> After one year, the <b>Annual Subscription</b> becomes renewable. A reminder will be emailed 2 months before expiry and again 1 month later.</p>	<p><b>10.</b> Please note that the DRPRO Network Licences are Floating / Roaming Licences. They can be used simultaneously on any workstation in the same network up to the max. number of Licences on subscription for the year.</p>
